

To who it may concern

Reference for Cox & Allen Building Contractors

Cox & Allen Building Contractors were recently employed as main contractor for repair and re-roofing works of Sizergh Castle near Kendal. The value of works amounted to 1.3m. over an 18 month duration on this Grade 1 listed building that remained open to the public during the works.

Cox and Allen were competent in their management of the works, the execution of the work was highly satisfactory, and we found all staff engaged on site to be careful and trustworthy.

Yours sincerely

Tom Slater MCIOB
